Financial Statements

The financial report, Directors' report and auditor's report for the Company for the financial year ended 31 December 2017 will be laid before the Annual General Meeting.

There is no requirement for Shareholders to approve these reports.

The Annual General Meeting provides a forum for Shareholders to ask questions and make comments on the Company's reports and accounts and on the management, business and operations of the Company.

In addition, Shareholders will be allowed a reasonable opportunity at the Annual General Meeting to ask questions of the auditor (or the auditor's representative) relevant to:

- the conduct of the audit;
- the content of the auditor's report;
- the accounting policies adopted by the Company for the preparation of the financial statements; and
- the auditor's independence in relation to the above items.

Shareholders may view the Company's annual financial report on the Company's website www.empireenergygroup.net.

Resolution 1: Adoption of Remuneration Report

Pursuant to section 250R(2) of the Corporations Act 2001(Cth) ("**Corporations Act**") a resolution that the remuneration report be adopted must be put to vote at the Company's AGM. The vote on this Resolution is advisory only and does not bind the Directors or Company. The remuneration report is set out in the Company's year 2017 Annual Report which is available from the Company's website www.empireenergygroup.net.

The remuneration report:

- describes the policies behind, and the structure of, the remuneration arrangements of the Company and the link between the remuneration of executives and the Company's performance;
- sets out the remuneration arrangements in place for each Director and for certain members of the senior management team; and
- explains the difference between the bases for remunerating non-executive Directors and senior executives, including the Chief Executive Officer.

If Resolution 1 receives a 'no' vote of 25% or more of votes cast at the Meeting, then:

- if comments are made on the report at the Annual General Meeting, the Company will seek to include a report on actions taken by the Board in connection with the Company's remuneration policy in the Company's next annual report or, if no action is proposed, the Board's reasons for this position; and
- if, at the Company's 2019 Annual General Meeting, at least 25% of the votes cast on the resolution for adoption of the remuneration report for the relevant financial year are against its adoption, the Company will be required to put to Shareholders a resolution proposing that a General Meeting (**Spill Meeting**) be called to consider the election of directors of the Company (**Spill Resolution**). The Spill Meeting must be held within 90 days of the date of the 2019 Annual General Meeting. For a Spill Resolution to be passed, more than 50% of the votes cast on the resolution must be in favour of it. If a Spill Resolution is passed, all of the Directors (other than any managing director) will cease to hold office immediately before the end of the Spill Meeting unless re-elected at that meeting.

The Board will take the outcome of the vote, even if it receives a less than 25% 'no' vote into consideration when reviewing the Company's remuneration policy. A 'no' vote of 25% or more was not received at the Company's 2017 Annual General Meeting.

The Chairman of the Meeting proposes to cast any undirected proxies in favour of Resolution 1.

Resolution 2: Re-election of David Sutton as a Director

At the Annual General Meeting, Mr David Sutton will retire in accordance with ASX Listing Rule 14.5 and Article 50.1 of the Company's constitution.

Being eligible, Mr Sutton will offer himself for re-election at the AGM.

Mr Sutton's qualifications, experience, other directorships and shareholding in the Company are detailed in the Directors' report forming part of the Company's 2017 annual financial report which can be accessed on the Company's website at www.empireenergygroup.net.

Ms Tang's qualifications, experience, other directorships and shareholding in the Company are detailed in the Directors' report forming part of the Company's 2017 annual financial report which can be accessed on the Company's website at www.empireenergygroup.net.

Resolutions 4, 5 & 6: Ratify past issue of securities

The Company is seeking subsequent Shareholder approval under Resolutions 4, 5 and 6 for the issue of Shares and Unlisted Options pursuant to ASX Listing Rule 7.4 so that such Shares are not taken into account in determining the Company's capacity to issue up to 15% of its issued Shares, if required, in the next 12 months without the need to obtain further Shareholder approval.

Under ASX Listing Rule 7.1, a listed company may (in general terms) only issue new Equity Securities up to 15% of its capital (calculated on a rolling 12-month basis). The issue of the securities subject to Resolutions 4, 5 and 6 were made within the ASX Listing Rule 7.1 placement capacity.

The allottees of the Shares and Options were professional and/or sophisticated investors or an employee (as the case may be) for the purposes of section 708(8) or 708(11) of the Corporations Act (as applicable) and did not acquire the Shares with the purpose of selling or transferring all or any of them or granting, issuing or transferring interests in or options over them, except where disclosure to investors is not required under sections 708 or 708A of the Corporations Act.

ASX Listing Rule 7.4 allows for subsequent shareholder approval of issues of equity securities for the purposes of Listing Rule 7.1 if the Company did not breach the ASX Listing Rule 7.1 placement limit at the time of issue and the holders of ordinary shares subsequently approve the issue. The Company is now seeking approval for the issue of these securities in the manner provided by ASX Listing Rule 7.4.

Resolutions 7, 8 & 9: Approve the participation of Mr B W McLeod, Mr D Sutton and Ms L Tang in an issue of options under the Employee Share Option Plan ("ESOP")

ASX Listing Rule 10.14 requires Shareholder approval for the issue of securities under an employee incentive scheme to a related party of the Company.

Shareholder approval is now being sought under ASX Listing Rule 10.14 to grant the following Options to the Directors (and related parties) of the Company under the Company's ESOP which was approved by Shareholders at the Company's 2017 Annual General Meeting.

The Board considers that, as an incentive, Options be offered to executive and non-executive directors and employees who have contributed to the Company achieving predetermined goals. Over the past year the Company experienced capital constraints and a stressed oil and gas market. Under these difficult conditions, US operations have been able to hold steady oil and gas production for the third year in a row. In Australia, a significant capital raising was completed during the 2017 financial year, operating costs were reduced, and significant progress was made in discussions and negotiations with a potential joint venture partner for the Company's McArthur Basin, Northern Territory tenements. On 14 December 2017, the Company resolved that that it would issue options under the ESOP as set out below, along with 7,000,000 options to an additional 8 employees in the USA and Australia.

The purpose of granting Options to Mr McLeod, Mr Sutton and Ms Tang pursuant to the Plan is to provide an incentive for them to continue with the Company and achieve predetermined goals.

Director	Exercise Price	No of options to be granted	Expiry Date
Mr B W McLeod	\$0.03	6,000,000	30 December 2022
Mr D Sutton	\$0.03	2,000,000	30 December 2022
Ms L Tang	\$0.03	2,000,000	30 December 2022

The following information is provided to Shareholders for the purposes of ASX Listing Rule 10.15:

- a) The maximum number of Options to be granted under Resolutions 7, 8 and 9 are:

Director	Maximum No of Options
Mr B W McLeod	6,000,000
Mr D Sutton	2,000,000
Ms L Tang	2,000,000

- b) The Options will entitle the holders to subscribe for one fully paid ordinary Share in the Company at the exercise price of \$0.03 per Share prior to the expiry date and subject to the minimum term of employment vesting conditions and the other terms and conditions of the Plan.

The exercise price of the Options has been calculated at a price which represents a premium of 66% over the closing price of the Company's Shares on the ASX on 16 April 2018, which was \$0.018.

- c) The names of all persons referred to in ASX Listing Rule 10.14 who received securities under the scheme since its last approval on 31 May 2017 are:

	No. of options	Vesting date	Exercise price*	Expiry date
Mr B W McLeod – Executive Chairman				
Tranche 1	5,000,000	10/07/2019	\$0.03	30/12/2021

The above Options were granted as an incentive and accordingly were granted for nil consideration.

- d) The names of people referred to in ASX Listing Rule 10.14 entitled to participate in the Plan are:

B W McLeod	Executive Chairman
D H Sutton	Non-Executive Director
Ms L Tang	Non-Executive Director

- e) The Options will be issued as soon as practicable but, in any case, no later than twelve months after the date of the Annual General Meeting, unless extended by way of ASX granting a waiver to the ASX Listing Rules.
- f) The Options will be granted as incentive options and hence are granted for no consideration. As the Options will be granted for nil consideration, no loan will be extended in relation to the acquisition by Mr McLeod, Mr Sutton and Ms Tang of the Options.
- g) The Options proposed to be granted to Mr McLeod, Mr Sutton and Ms Tang pursuant to Resolutions 7, 8 and 9 are part of their director's remuneration and considered by the Board to be reasonable in the circumstances. As such, the Board considers that approval is not required under Chapter 2E of the Corporations Act as the exemption in section 211(1) of the Corporations Act 2001 applies.

Resolution 10: Approval of 10% Placement Facility

1. General

Under ASX Listing Rule 7.1, a listed company may (in general terms) only issue new Equity Securities up to 15% of its issued capital (calculated on a rolling 12-month basis). For the purposes of the Company, this is the equivalent of approximately 189.8 million Ordinary Shares based on the current capital of 1,265,237,176 Ordinary Shares. Exceptions to the ASX Listing Rule 7.1 15% placement limit include issues of Equity Securities approved by Shareholders.

ASX Listing Rule 7.1A permits eligible entities, which have obtained Shareholder approval by special resolution at the Company's annual general meeting to issue an additional 10% of ordinary securities through placements in a 12-month period ("**10% Placement Facility**"). The 10% Placement Facility operates in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1, as referred to above.

An eligible entity for the purposes of ASX Listing Rule 7.1A is an entity that is, as at the date the relevant special resolution is passed for the purposes of ASX Listing Rule 7.1A, not included in the S&P/ASX 300 Index *and* has a market capitalisation of \$300 million or less (excluding restricted securities and securities quoted on deferred settlement basis). The Company is an eligible entity for the purposes of ASX Listing Rule 7.1A.

The Company is seeking Shareholder approval by way of a special resolution in order to issue additional Equity Securities over the forthcoming 12-month period under the 10% Placement Facility.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer to section 2(c) below).

It is anticipated that funds raised by any issue of Equity Securities pursuant to the additional 10% Placement Facility would be used for exploration drilling, to maintain the Company's Northern Territory tenements in good standing, to provide the equity component of any acquisition cost of oil and gas assets in the United States, and to supplement the Company's working capital.

The Company may also issue Equity Securities for non-cash consideration to consultants or other parties for services rendered and may issue Equity Securities to third parties in converting debt to equity or in satisfaction of the performance of other obligations of the Company as the Company has previously.

2. Description of ASX Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to Shareholder approval by way of a special resolution at the Annual General Meeting.

(b) Equity securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company. In the case of the Company, the sole class of quoted Equity Securities is ordinary shares.

(c) Formula for calculating 10% Placement Facility

ASX Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12-month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid ordinary shares on issue 12 months before the issue date or date of agreement to issue:

- plus the number of fully paid ordinary shares issued in the 12 months under an exception in ASX Listing Rule 7.2;
- plus the number of partly paid ordinary shares that became fully paid in the 12 months;
- plus the number of fully paid shares issued in the 12 months with approval of holders of shares under ASX Listing Rule 7.1 and 7.4. This does not include an issue of fully paid shares under the entity's 15% placement capacity without shareholder approval;
- less the number of fully paid ordinary shares cancelled in the 12 months.

Note that "A" has the same meaning in ASX Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are *not* issued with the approval of shareholders under ASX Listing Rule 7.1 or 7.4.

(d) ASX Listing Rule 7.1 and ASX Listing Rule 7.1A

The ability of an entity to issue Equity Securities under ASX Listing Rule 7.1A is in addition to the entity's 15% placement capacity under ASX Listing Rule 7.1.

Issues under the placement capacities provided for in each of ASX Listing Rule 7.1 and ASX Listing Rule 7.1A are made and calculated separately. An issue or agreement to issue Equity Securities under ASX Listing Rule 7.1 without shareholder approval uses up part of the ASX Listing Rule 7.1 15% capacity. As a separate matter, any issue or agreement to issue Equity Securities under ASX Listing Rule 7.1A uses up part of the ASX Listing Rule 7.1A 10% capacity.

The actual number of Equity Securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (refer to Section 2(c) above).

(e) Minimum issue price

The issue price of the Equity Securities issued under ASX Listing Rule 7.1A must be not less than 75% of the volume weighted average market price ("**VWAP**") for securities in the same class calculated over the 15 trading days in which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 trading days of the date in paragraph (i) above, the date on which the which the Equity Securities are issued.

(f) 10% placement period

Shareholder approval of the 10% Placement Facility under ASX Listing Rule 7.1A is valid from the date of the Annual General Meeting at which approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the Annual General Meeting at which the approval is obtained; and
- (ii) the date of the approval by Shareholders of a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

or such longer period if allowed by the ASX ("**10% Placement Period**").

5. Specific Information Required by ASX Listing Rule 7.3A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the following information is provided in relation to the approval of the 10% Placement Facility referred to in Resolution 10:

- (a) The Equity Securities will be issued at an issue price of not less than that specified in ASX Listing Rule 7.1A.3, as described at paragraph 2(e), above.
- (b) If Resolution 10 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, existing Shareholders' economic and voting interests will be diluted. The table below provides examples of the potential effect of such dilution. There is also a risk that:

- (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Annual General Meeting; and
- (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities may be issued as part of consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The following table shows the dilution of existing shareholdings on the basis of the assumptions set out below the table and based on the number of Shares for variable "A" calculated in accordance with the formula in ASX Listing Rule 7.1A(2) as at the date of the Notice of Meeting.

The following table also shows:

- (i) examples where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of Ordinary Shares the Company has on issue at the date of the Notice of Meeting. The number of Ordinary Shares on issue may increase as a result of issues of Ordinary Shares that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are issued with Shareholder approval at a future shareholders' meeting; and
- (ii) examples of where the issue price of Ordinary Shares has first decreased by 50% (Dilution first column) and, second, increased by 100% (Dilution third column), as against the current market price of Ordinary Shares (\$0.018 as at 13 April 2018).

Variable 'A' in ASX Listing Rule 7.1A.2		Dilution		
		\$0.009 50% decrease in Issue Price	\$0.018 Issue Price	\$0.036 100% Increase in Issue Price
Current Variable A 1,265,237,176	10% Voting Dilution	126,523,718 Shares	126,523,718 Shares	126,523,718 Shares
	Funds raised	\$1,138,713	\$2,277,427	\$4,554,854
50% Increase in Current Variable A 1,897,855,764	10% Voting Dilution	189,785,576 Shares	189,785,576 Shares	189,785,576 Shares
	Funds raised	\$1,708,070	\$3,416,140	\$6,832,281
100% Increase in current Variable A 2,530,474,352	10% Voting Dilution	253,047,435 Shares	253,047,435 Shares	253,047,435 Shares
	Funds raised	\$2,277,427	\$4,554,854	\$9,109,708

The table has been prepared on the following assumptions:

- (i) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- (ii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (iii) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Annual General Meeting.
- (iv) The table shows only the effect of issues of Equity Securities under ASX Listing Rule 7.1A, not under the 15% placement capacity under ASX Listing Rule 7.1.
- (v) The issue of equity securities under the 10% Placement Facility consists only of shares and excludes the exercise of any options on issue including those on issue under an employee share plan. The issue price is \$0.018, being the closing price of Ordinary Shares on ASX on 13 April 2018.

- (c) The Company will only issue and allot the Equity Securities during the 10% Placement Period. Approval under Resolution 10 for the issue of the Equity Securities will lapse after that period. The approval will cease to be valid in the event that Shareholders approve a transaction under ASX Listing Rule 11.1.2 (a significant change to the nature or scale of activities or ASX Listing Rule 11.2 (disposal of main undertaking).
- (d) The Company may seek to issue the Equity Securities for the following purposes:
 - (i) non-cash consideration for the acquisition of the new resource assets and investments and to consultants or other parties for services rendered and may issue Equity Securities to third parties in converting debt to equity or in satisfaction of the performance of other obligations of the Company as the Company has previously. In such circumstances the Company will provide a valuation of the non-cash consideration as required by ASX Listing Rule 7.1A.3; or
 - (ii) cash consideration. In such circumstances, the Company intends to use the funds raised towards the exploration activities at its existing projects and/or for acquisition of new assets or investments (including expenses associated with such acquisition) and to supplement the Company's general working capital.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A(4) and 3.10.5A upon issue of any Equity Securities under the 10% Placement Facility.

The Company's allocation policy is dependent on the prevailing market conditions and the purpose(s) of the issue(s) at the time of any proposed issue(s) pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities under the 10% Placement Facility will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- (i) the purpose of the issue;
- (ii) the dilutionary effect of the proposed issue of the Equity Securities on existing Shareholders at the time of the proposed issue;
- (iii) the methods of raising funds that are available to the Company, including but not limited to, entitlement issues or other issues in which existing Shareholders can participate;
- (iv) prevailing market conditions;
- (v) the financial situation and solvency of the Company; and
- (vi) advice from professional advisers, including corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of the Notice of Meeting but may include existing substantial Shareholders and/or new Shareholders of the Company who are not related parties or Associates of a related party of the Company.

- (e) The Company previously obtained approval from its Shareholders pursuant to ASX Listing Rule 7.1A at its 2017 Annual General Meeting.

- (f) A voting exclusion statement is included in the Notice of Meeting. At the date of the Notice of Meeting, the Company has not approached any particular existing Shareholder or an identifiable class of existing Shareholders to participate in the issue of Equity Securities under the 10% Placement Facility, and therefore, no existing Shareholder's votes will be excluded from voting on Resolution 10.

The Board considers that the approval of the issue of the 10% Placement Facility described above is beneficial for the Company as it provides the Company with the flexibility to issue up to the maximum number of securities permitted under ASX Listing Rule 7.1A in the next 12 months (without further Shareholder approval), should it be required. At the date of the notice of this meeting, the Company has no plans to use the 10% Placement Facility should it be approved.
