

EMPIRE ENERGY GROUP LIMITED CORPORATE GOVERNANCE STATEMENT

Overview

Empire Energy Group Limited (the '**Company**') and the Board of Directors (the '**Board**') are committed to achieving and demonstrating the highest standards of corporate governance and aim to comply with the ASX Corporate Governance Council's ('**CGC**') Corporate Governance Principles and Recommendations, 4th Edition ('**CGPR**').

However, given the current size of both the Company's operations and the Board, the Company considers it is not appropriate, cost effective or practical to comply fully with the CGPR. Where a recommendation has not been adopted, this fact has been disclosed together with the reasons for the departure.

Consistent with the CGPR, the Company's corporate governance practices are regularly reviewed and are available on the Company's website.

References in this Statement to the 'Empire Group' include the Company and all of its subsidiaries.

Compliance with ASX CGC CGPR

The ASX Listing Rules require public listed companies to disclose the extent to which they have adopted the CGPR. This statement provides details of the Company's adoption of the CGPR.

This Corporate Governance Statement is current at 28 March 2024.

PRINCIPLE 1 – LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

A listed entity should clearly delineate the respective roles and responsibilities of its board and management and regularly review their performance.

1.1 Board Charter

The Board is accountable to shareholders for the performance of the Company. In carrying out its responsibilities, the Board undertakes to serve the interests of shareholders honestly, fairly and diligently. The Board's responsibilities are reviewed annually to determine whether any changes are necessary or desirable.

The Company has established a Board Charter which includes an overview of:

- a) Board composition;
- b) the Board's role and responsibilities;
- c) the relationship and interaction between the Board and management;

- d) the authority delegated by the Board to management and Board Committees; and
- e) Board process.

The Board Charter can be found on the Company's website <https://empireenergygroup.net/company/corporate-governance/>

1.2 Appointment of Directors and Senior Executives

Prior to the appointment of Directors and Senior Executives, appropriate checks are undertaken into a candidate's character, experience, education, criminal record and bankruptcy history. Shareholders are provided with information on Directors in the relevant Notice of Meeting, including all material information in the Company's possession relevant to their decision regarding as to whether to elect or re-elect a director.

Directors and Senior Executives biographies are provided in each Annual report of the Company.

1.3 Written Agreements

Directors are required to sign letters of appointment and/or service agreements, and senior management are required to sign employment contracts prior to their engagement with the Company.

1.4 Company Secretary

The Company Secretary is accountable to the Board, through the Chairman, on all governance matters. The major functions of the Company Secretary are:

- a) Advising the Board and committee on governance issues;
- b) Monitoring Company policies; and
- c) Ensuring that the business at Board and committee meetings is accurately captured in the minutes.

1.5 Approach to Diversity

The Board recognises the benefits of diversity on the Board and in senior management and within the organisation generally and recognises the organisational strengths, deeper problem-solving ability and opportunity for innovation that diversity brings to an organisation.

The Company has established a Diversity Policy which sets out the beliefs, goals and strategies of the Company and makes reference to all the characteristics that make individuals different from each other. The policy sets out the positive steps taken to ensure that current and prospective employees are not discriminated against, either directly or indirectly on such characteristics as gender, age, disability, marital status, sexual orientation, religion, ethnicity or any other area of potential difference. The Company is committed to gender diversity at all levels of the organisation. Gender equality is a key component of the Company's diversity strategy. The implementation of this policy aims to reflect both the circumstances of the

Company and the industry in which it operates.

The Company's Diversity Policy includes a requirement that the Board:

- a) sets measurable objectives for achieving gender diversity;
- b) assesses annually the objectives set for achieving gender diversity; and
- c) assesses annually the progress made towards achieving the objectives set.

In accordance with this policy and CGPR, the Board has established objectives in relation to gender diversity. The aim is to achieve these objectives over the coming 2 to 4 years as director and senior executive positions become vacant and appropriately skilled candidates are available. Representation of female employees in the Company's workforce is as follows:

Actual as at 28 March 2024		Empire Group Objective	Progress towards meeting Objective
	Number	Percentage	Percentage
Whole Organisation	8	20%	80%
Senior Executive Positions	3	38%	95%
Board	1	20%	100%

During 2023 Ms Karen Green joined the Board as a Non-Executive Director. The Company recognises the benefits of diversity amongst members of the Board and will take this into consideration together with other highly beneficial qualities when considering future Board candidates.

1.6 Evaluation of Board and Committees

The Board regularly reviews the performance of the Board and its Committees. Each year, the Board gives consideration to broad corporate governance matters, including the relevance of existing committees and to reviewing its own and individual directors' performance. The performance of all Directors, the Board as a whole, the Managing Director and Company Secretary are regularly monitored.

The Board's responsibilities are encompassed in a formal letter. Senior Executives have a formal position description. The Managing Director assesses the performance of the Senior Executives on an annual basis. A review was undertaken during the reporting period.

The remuneration committee sets Key Performance Indicators ('KPI') for the Managing Director each year. The remuneration committee has assessed the Managing Director's performance against the 2023 KPIs in a remuneration committee meeting.

1.7 Evaluation of Senior Executives

The Company has policies in place to assess the performance of senior executives. Senior executive performance is judged against KPIs which are designed to optimise operational outcomes and align senior executive outcomes with shareholders.

KPIs are set for all senior executives and approved by the Managing Director each year. The Managing Director has assessed the performance of senior executives against 2023 KPIs.

PRINCIPLE 2 – STRUCTURE THE BOARD TO BE EFFECTIVE AND ADD VALUE

The board of a listed entity should be of an appropriate size and collectively have the skills, commitment and knowledge of the entity and the industry in which it operates, to enable it to discharge its duties effectively to add value.

2.1 Nomination Committee

The Company does not comply with Recommendation 2.1 as it has not formed a separate Nomination Committee. The matters that would normally be the responsibility of a Nomination Committee are dealt with by the full Board.

The Board reviews its composition on an annual basis to ensure it has the appropriate mix of expertise and experience. When a vacancy exists, for whatever reasons, or where it is considered that the Board would benefit from the services of a new Director with particular skills, the Board will select appropriate candidates with relevant qualifications, skills and experience. External advisors may be used to assist in such a process. The Board will then appoint the most suitable candidate who must stand for election at the next general meeting of shareholders.

For Directors retiring by rotation, the board assesses that director before recommending re-election.

2.2 Board Skills Matrix

The Board collectively has a combination of skills and experience in competencies as set out in the table below:

Skills and experience of Empire Energy Group Limited’s Directors

Area	Competence

2.3 Independent Directors

In determining independence, the Board also takes into account the guidelines of directors' independence contained in the ASX Corporate Governance Principles (4th Edition).

Recommendation 2.3 raises factors which have been considered in assessing the independence of Professor Warburton as a Director. The Board has considered these factors and formed the view that Professor Warburton is not independent for the following reasons:

- A consultancy contract between the Company and Professor Warburton for the provision of technical consultancy services to the Company concluded on 31 December 2021. Professor Warburton received 1,200,000 Service Rights as compensation;
- Professor Warburton has a standing consulting agreement with Mr Paul Fudge, the sole shareholder of Pangaea (NT) Pty Limited, a substantial shareholder of the Company to assist him with his non-Beetaloo Sub-basin oil & gas assets. The Board has deemed that no conflict of interest exists with the Company in relation to the consulting agreement; and
- Professor Warburton previously served as Chief Executive of Imperial Oil & Gas Pty Limited ("Imperial"), a wholly owned subsidiary of the Company. Imperial holds certain of the Company's Northern Territory exploration permits. There was not a period of at least three years between ceasing employment or consultancy agreement with Imperial prior to commencing as a Director of the Company.

Each Director's independence is regularly assessed by the Board. The Board's size and composition is subject to limits imposed by the Company's constitution which provides for a minimum of three directors and a maximum of seven.

The Board currently holds scheduled meetings each financial year together with any ad hoc meetings as may be necessary. The Board met 8 times during the year and Directors' attendance is disclosed in the Company's 2023 Annual Report.

The length of service of each Director is as follows:

To facilitate this, each Director has the right of access to all relevant Company information from the Company's Executives. The Company is satisfied that the Audit & Risk Committee can adequately discharge its functions because the Committee is comprised of non-executive directors with appropriate skill sets to discharge their responsibilities.

The Committee undertakes the following responsibilities in accordance with its Charter:

PRINCIPLE 7 – RECOGNISE AND MANAGE RISK

A listed entity should establish a sound risk management framework and periodically review the effectiveness of that framework.

7.1 Risk

The Board oversees the establishment, implementation and review of the Company's risk management system. To ensure it meets its responsibilities, the Board has implemented appropriate systems for identifying, assessing, monitoring and managing material risk throughout the organisation, including the Audit and Risk Committee.

The Company is satisfied that the Audit & Risk Committee can adequately discharge its functions because the Committee is comprised of non-executive directors with appropriate skill sets to discharge their responsibilities.

The Company posts a copy of the Audit and Risk Committee Charter on the Company Overview's Corporate Governance Section of its website at <https://empireenergygroup.net/company/corporate-governance/>.

The Board regularly assesses the Company's performance in light of risks identified by such reports. Management is required to design, implement and review the Company's risk management and internal control system. The Board reviews the effectiveness of the implementation of the Company's risk management and internal control system on a regular basis.

The Company has exposure to economic and market risks, including general economy wide risks and risks associated with the economic cycle which impact on the price and demand of oil and gas. The Company has in place risk management procedures and processes to identify, manage and minimise its exposure to those economic risks where appropriate.

7.3 Internal Audit Function

The Board does not employ an internal auditor, although as part of the Company's strategy to implement an integrated framework of control, the Board requested the external auditors review internal control procedures. Recommendations once presented are considered by the Board.

In addition as required under the Corporations Act, the Managing Director and Chief Financial Officer have provided statements in writing to the Board that:

The Board has established a Remuneration Committee. This Committee is comprised of the following members:

Member	Position
Mr Louis Rozman	Independent Non-Executive Director and Chair of the Remuneration Committee
Ms Karen Green	Independent Non-Executive Director

The Company does not fully comply with Recommendation 8.1 as the Remuneration Committee does not have at least three members. The Board considers that the function of the Remuneration Committee is not jeopardised by its current structure. Due the present size of the Company, the Board does not presently consider that the appointment is warranted of one or more additional members.

The Company posts a copy of the Remuneration Committee Charter on the Company Overview’s Corporate Governance Section of its website at <https://empireenergygroup.net/company/corporate-governance/>.

8.2 Executive Directors and Executive Remuneration

The Remuneration Committee reviews and approves the policy for determining executive remuneration and any amendments to that policy.

Executive remuneration and other terms of employment are reviewed annually having regard to relevant comparative information and independent expert advice.

Remuneration packages include base salary, superannuation and the rights of participation in the Company's Rights Plan.

Remuneration packages are set at levels that are intended to attract and retain executives capable of effectively managing the Company's operations.

Consideration is also given to reasonableness, acceptability to shareholders and appropriateness for the current level of operations.

The Company seeks the advice of a leading independent Australian remuneration consultant to advise the Board (excluding the Managing Director) on the remuneration of the Managing Director and ensure that it is reasonable in comparison to similar ASX-listed companies.

Non-executive Directors remuneration

Remuneration of non-executive directors is determined by the Board based on relevant comparative independent expert advice and the maximum amount approved by shareholders from time to time.

Non-executive Directors have the right to participate in the Company's Rights Plan. Further information on director and executive remuneration are included in the Remuneration Report

that forms part of the Annual Directors' Report.

8.3 Equity based remuneration scheme

At the 2022 AGM, shareholders approved the Company's Rights Plan, with the details contained in the relevant Notice of Meeting, dated 28 April 2022, and considers this to be a critical and cost-effective important remuneration mechanism to continue to attract and maintain an appropriate depth of executive talent.

Participants in the Company's Rights Plan are not permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the Rights Plan.
